Diagram showing a grid layout for a tap sheet. A vertical line on the left is labeled "Show North Direction". The grid is divided into four quadrants by a horizontal dashed line and two vertical dashed lines. Each quadrant contains a large empty rectangular box for drawing or notes.

1. Show North direction.
2. Locate desired sewer tap on your typical lot indicating distance from side property line. (It is very very important that this be accurate in order to locate your sewer line in the future.)
3. Show location of utility lines, gas, water, etc. on the lot.
4. Label all street names.
5. If additional space is needed for notes or drawings, please turn the paper over and use the back.
6. Complete the following:
